1. Government Order No. L. 9479-99—V. P. 63-36-27, dated the 23rd May 1938, according sanction to the five-year scheme of Rural Water Supply with a view to provide drinking water facilities in all the villages in the State, a sum of Rs. 3 lakhs being provided therefor every year by the Government.

2. Government Order No. L. 12470-91—V. P. 27-42-36, dated the 24th June 1943, directing the continuance of the scheme for a period of three years from 1943-44.

3. Correspondence ending with letter No. A5. 3208-45-46, dated 14th May 1946, from the Revenue Commissioner in Mysore, recommending the continuance of the scheme for a further period of three years from the year 1946-47 with an annual provision of Rs. 5 lakhs.

ORDER No. L. 1458-82—V. P. 16-45-23, DATED BANGALORE, THE 31ST JULY—2ND AUGUST 1946.

With a view to providing an adequate number of drinking water wells in the State, a comprehensive scheme of Rural Water Supply was sanctioned in the Government Order read above. Owing to the several difficulties relating to labour and materials, adequate progress was not secured. The scheme was extended for a period of three years from 1943-44.

2. The Revenue Commissioner reports that there are still as many as 3,712 incomplete well works to be completed and as many as 3,299 villages are still remaining without drinking water wells, and that adequate progress could not be secured for want of contractors and conditions obtaining out of war. It is further reported, that with the advent of the Rural Drive Scheme, the Village Panchayets have to contribute towards the execution of various improvement works and that they are not in a position to pay the full share of their contribution towards the drinking water wells also and he recommends that the scheme may be extended for a further period of three years from 1946-47 with an annual provision of Rs. 5 lakhs instead of 3 lakhs.

3. Having regard to the number of villages yet to be provided with wells and the repeated representations from the villagers for drinking water wells, Government consider that it is necessary to extend the scheme for a further period of three years. They are accordingly pleased to direct that the scheme be extended by a period of three years from 1946-47 with a budget grant of Rs. 5 lakhs for the year 1946-47 and Rs. 4 lakhs for each of the next two years.

4. Sanction is also accorded to the continuance of the existing staff employed in this behalf in the several districts for a period of three years from 1946-47. The Chief Engineer for Irrigation is requested to see that Sub-Overseers are posted to all the taluks, where there are no Sub-Overseers at present.

5. Now that District Development Officers have been posted to all the Districts for the Rural Development work, the Deputy Commissioners are requested to impress upon them and the local Revenue Officers the necessity for achieving rapid progress in this direction, so as to see that all the villages are provided with drinking water facilities before the expiry of the period. Special attention should be paid to see that the wells intended for the members of the depressed classes are completed as expeditiously as possible.
